**HOME** - the home button in the upper-right corner brings you to the "cover" of the planner. This is helpful for quickly turning from any confidential page you might be open to.

CAL - the cal button in the lower-right corner jumps to the year-at-a-glance page of the planner. This is where you can jump to any particular week view of the planner.

#### Description of the tabs in the Disciple Journal/Planner

Months - the month tabs jump to the monthly calendar for that month. From here you can go directly to any week view for that month.

**Reading Tracker** - A "per chapter" tracker. Color in the respective book/chapter box as they are read.

**Favorite Verses** - Create a personal index of verses to help in various circumstances. There is a page with blank headers for adding your own topics.

**Prayer** - Track personal prayers and prayer requests from others.

**Give Thanks** - It's important to acknowledge God's goodness in our lives. The best way to do that is to express heart-felt gratitude for what He does for us.

**Sermon Notes** - Use this section, in place of, or in addition to, teaching outlines that are distributed.

**Study Worksheet** - A more detailed and challenging approach to Bible Study with a focus on application... responding to what Scripture says.

**Notes** - This is a place to capture thoughts, notes, reminders, etc. that don't fit in the other sections.

#### **Helpful Notes**

- The whitespace (blank areas) on pages are intended for stickers and personal notes
- Duplicate blank pages before using them so that you'll a blank one ready when you need one.
- The cover page can be heavily customized by overlaying your own images and text over the defaults.
